

DISTRICT INFORMATION

Academic Achievement Standards

The graphs below show the percentage of students in your district that met or exceeded the state standards on Oregon's Smarter Balanced Assessments¹ during the last school year. In 2014-2015, Math included a knowledge and skills assessment for each student in grades 3-8 and 11; English Language Arts included a reading and skills assessment for each student in grades 3-8 and 11.

For more information, contact the Oregon Department of Education, Office of Learning - Student Services at 503.947.2600

Post-Secondary Outcomes

Youth who are no longer in secondary school, had IEPs at the time they left school, and, within one year of leaving high school, were:

Category	District	State Target
Enrolled in higher education	11.1%	28.0%
Enrolled in higher education or competitively employed	44.4%	55.0%
Enrolled in higher education or in other post-secondary education or training program, or, competitively employed or in other employment	77.8%	70.0%

Suspension / Expulsion

Category	District	State Target
District identified with significant discrepancy in rate of suspension / expulsion for more than 10 days	No	Note 7

District identified with a significant discrepancy, by race or ethnicity, in rate of suspension / expulsion for more than 10 days, and, policies, procedures, or practices contribute to the significant discrepancy and do not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards

IEP = Individualized Education Program

A written statement for a child with a disability that is developed, reviewed, and revised by an IEP Team.

Department of Education Notes

- No data available.
- Not displayed because at least 6 students are needed to maintain confidentiality.
- NA Too few test scores or students to determine a rating.

For more information, please view documents at www.ode.state.or.us

DISTRICT INFORMATION

Secondary Transition

Youth aged 16 and above with IEPs that included the following: appropriate, measurable post-secondary goals that are annually updated and based upon an age-appropriate transition assessment; transition services, including courses of study, that will reasonably enable the student to meet the post-secondary goals; and annual IEP goals related to the student's transition services needs, and, the district provided evidence that, for the IEP team meeting in which transition services were discussed, the student was invited and, if appropriate, a representative of any participating agency was invited with prior consent of the parent or student who has reached the age of majority

Category	District	State Target
Secondary Transition	100.0%	100.0%

Students Receiving Special Education Services

Category	District	State Target
District identified with disproportionate representation of racial and ethnic groups in special education and related services that is the result of inappropriate identification	No	No
District identified with disproportionate representation of racial and ethnic groups in specific disability categories that is the result of inappropriate identification	No	No

Parent Survey Results

Category	District	State Target
Parents who report schools facilitated parent involvement as means of improving services and results ⁶	54.5% ¹⁷	76.23%

Department of Education Notes

- Data displayed reflect participation in regular statewide assessment (Oregon's general assessment) with and without one or more approved accommodations. For more information, see Oregon's approved accommodations at <http://www.ode.state.or.us/search/page?Id=487>.
- Results from the alternate statewide assessment measured against alternate achievement standards (Oregon's Extended Assessment) are not comparable to results from Oregon's Smarter Balanced Assessment.
- All assessments are included in the 95% Federal participation target. Oregon does not measure the alternate statewide assessment against grade level standards.
- The state target is based on an annual percentage increase in the number of districts that met the criteria.
- Due to passage of Every Student Succeeds Act (ESSA), 2014 AMO progress is not measured.
- All parents are not surveyed. A sampling of parents complete the Oregon Parent Survey.
- The state target is based on an annual percentage reduction in the number of districts identified with a significant discrepancy. A "No" for the district is preferred.
- Data displayed are Parent Survey data collected in 2010-2011 from a sampling of parents in your district.

**2014-2015
 Special Education Report**

April 2016

Dear Parents and Community Members,

The Oregon Department of Education is proud to issue the tenth annual special education report. Reported indicators and targets correspond to the information in the State Performance Plan (SPP) for Special Education that is required by the United States Department of Education. As Oregon schools and districts continue to face many challenges, educators remain committed to providing the highest quality education for Oregon students. This report is not meant to tell you everything about your district, but it offers a starting point for discussions about where improvement might be needed and for celebrating successes in education for Oregon's children.

Salem A. Noor, Ph.D., Deputy Superintendent of Public Instruction

DISTRICT INFORMATION			
	District	State Target	
Students Graduating 2013-2014			
Students with IEPs graduating with regular diploma: four-year cohort rate	66.7%	72.0% or more	
Students with IEPs graduating with regular diploma: five-year cohort rate	63.6%	74.0% or more	
High School Dropout 2013-2014			
Students with IEPs dropping out	4.4%	3.4% or less	
Timeline for Eligibility			
Students with parental consent to evaluate who were evaluated and eligibility determined within 60 school days	94.4%	100.0%	
<p>IEP = Individualized Education Program A written statement for a child with a disability that is developed, reviewed, and revised by an IEP Team.</p> <p>Department of Education Notes - No data available. • Not displayed because at least 6 students are needed to maintain confidentiality.</p>			
Least Restrictive Environment			
Students included in regular class 80% or more of day	56.9%	72.0% or more	
Students included in regular class less than 40% of day	11.5%	10.8% or less	
Students served in public or private separate schools, residential placements, or homebound / hospital	0.0%	1.8% or less	
<p>Special Education §300.39(e) Special education means specially designed instruction, at no cost to the parents, to meet the unique needs of a child with a disability. LRE = Least Restrictive Environment 20 U.S.C. 1412(b)(5) and §300.114(2)(i)-(j) To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are nondisabled; and special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.</p>			

For more information, contact your local school or district.

LOCAL INFORMATION PROVIDED BY YOUR DISTRICT

Our special education report card has some interesting data points to consider as we look to improve year after year. Our dedicated staff in the Harrisburg School District will continue to provide support and create life-long learners who grow academically, physically, emotionally and socially. As you look over the data keep in mind that 1 student equals 2.2%. Also we will continue building the skills in English Language Arts and Math. If you have any questions please contact Bryan Starr at Harrisburg School District Office.
